SCHOOL BOND ISSUE CARRIES BY 1,158

ADHERENTS VOTE ISSUE OF \$46,000 FOR BUILDING ADDITION TO WHITE AND COLORED SCHOOLS.

The adherents of the plan to vote a bond issue of \$46,000 for the purpose of making much-needed extensions and additions to the Paris High School building in this city, scored a handsome victory in the special election held Saturday. The returns showed a majority of 1,158 in favor of the bond issue. Unless the vote be declared invalid, as has been rumored by some, it will insure the school children of Paris more comfortable and sanitary quarters and their removal from the dark basement in which they have been for some months.

The women of the city took a great deal of interest in the election, and by personal appeals and by their own presence at the voting places, turned many an opponent to the support of the measure. It was a decided victory for the friends of education in this city. The vote by precincts was as follows:

	Yes	No
Paris No. 1.....	82	19
Paris No. 2.....	225	42
Paris No. 3.....	189	21
Paris No. 4.....	147	37
Paris No. 5.....	469	18

BOURBON BOYS ON DIFFERENT NAVAL SHIPS

A letter from Edward Fitzpatrick a former attaché of THE NEWS office, who is now in the U. S. Navy, states that he has been transferred from Company M to Company Q at the Naval Training Station at Norfolk, Va., and may soon be assigned to one of the big battleships of the Atlantic Squadron.

He stated that the other Paris boys have been assigned to different ships, Ed. Doty being on the Nevada, W. O. Pennington on the Oklahoma, and "Buddy" James on the Pennsylvania. He stated that the boys were hoping to be granted a furlough in order to visit Kentucky before their ships were ordered across the Atlantic. He said the boys were in perfect health and enjoying life as well as any they left behind them in old Kentucky.

STIRRING APPEAL TO PATRIOTISM

MADE AT MEETING OF BUSINESS MEN'S CLUB SATURDAY, BY DR. MUTCHLER.

Mr. Arthur B. Hancock, president of the Bourbon County Business Men's Club, presided at the session held in the court house Saturday afternoon at three o'clock. The meeting was well attended, and considerable business of importance was transacted.

Dr. Fred Mutchler, of the Experiment Station of Kentucky University at Lexington, was the principal speaker. Dr. Mutchler delivered a strong talk to his auditors dealing principally with the subject of production and conservation of food-stuffs, "a problem," he said, "which is of the most vital importance to Bourbon county, to the State and to the Nation." Hon. E. M. Dickson, of Paris, a member of the Bourbon County Committee of the National Defense Council, followed Dr. Mutchler with a stirring appeal to the patriotism of his hearers, and an effective plea for the support of the city and county people in floating the Liberty Loan Bonds.

The chair appointed a committee composed of E. M. Dickson, Thomas H. Clay, Jr., and Samuel Clay to select committees on organization, finance, publicity, agriculture and labor, in order to make the work of the Club more effective. The committee retired, and after some deliberation, returned, reporting the following names as members of the several committees, which were unanimously adopted without change:

Organization—E. M. Dickson, chairman; Thos. H. Clay, Jr., C. C. Clarke, A. B. Hancock, Claude M. Thomas, J. Willie Jones, W. D. McIntyre, N. Ford Brent, Peale Collier and Denis Dundon.

Finance—John T. Collins, chairman; S. E. Bedford, P. P. Kiser, Sanford Allen, Buckner Woodford, Dr. F. P. Campbell, H. S. Caywood, Bennett Bean, Geo. W. Dawson and Jas. H. Thompson.

Publicity—E. M. Costello, chairman; Dr. M. H. Dailey, Judge Harmon Stitt, Swift Champ, Bruce Miller, Wm. Remington, W. B. Ardery and Wm. Myall.

Committee on Agriculture and Labor—Ed. Burke, chairman; Joe Leach, W. H. Whaley, Jr., Jas. Caldwell, J. H. Holt, Luther Rice, Samuel Clay, A. S. Thompson, W. G. Talbott, S. L. Weathers, Newton H. Taylor, Frank Buchanan, John Woodford, W. M. Rogers, D. C. Lisle, Robert Meteer, W. A. Thomason, V. W. Ferguson and James H. Fisher.

OPENING OF BLUE GRASS PARK

An event of much interest of Saturday was the opening of the Blue Grass Park, Lexington, one of the most beautiful in Central Kentucky, and all are looking forward to the attractions there for the summer with much pleasure. Swimming, which was the feature attraction there last season, will be even more popular this year. The pool has been built near the pavilion. It is 60 by 100 feet with diving boards, etc., to make it perfect for the swimmers, new bathing houses have been built, electric hair dryers have been installed and is now in readiness for real pleasure and comfort for the guests. Then there are other numerous attractions and dancing in the evening with a Saxophone Trio to furnish the music. Good weather is promised soon and the gaieties of the summer season there will be much enjoyed.

The park is a lovely resort for people throughout the Blue Grass and those who expect to spend the vacation at home are looking forward to the park for recreation and diversion. Swimming parties will again be the chief way of entertaining and it will be a real pleasure to swim in this wonderful new pool. There will be special cars to and from the park with a rate of 20 cents for the round trip from Lexington.

MISS BRUER TO BE SUPERINTENDENT.

Miss Louie Bruer, formerly Truant Officer for Paris, has been chosen to superintend the new dormitory for girls at the Kentucky Wesleyan College, in Winchester, which will be open to receive students next session. Miss Bruer formerly resided in Winchester and is very popular with the girl students of the College.

The plans for the new dormitory have been accepted and bids for the erection of the building will be let on June 9. The foundation is already under construction. Miss Bruer will remain in Paris until the building is completed.

IN MEMORY OF CONFEDERATE DEAD

EXERCISES HELD IN PARIS CEMETERY AND GRAVES DECORATED BY U. D. C., SUNDAY.

In the presence of a large crowd Sunday afternoon, the graves of the Confederate dead in the Paris Cemetery were decorated by members of Richard Hawes Chapter, D. of C., of Paris, and their friends. The exercises were held on the Confederate lot, where a number of those who served for the Confederacy are buried.

The graves of others who are buried on individual lots were also decorated with a profusion of flowers and flags.

A quartette composed of Mrs. Fanniebelle Sutherland, Mrs. Walter Clark, Mr. Ray Clark and Mr. Wallace Clark sang, "We're Marching On." Rev. J. Grey McAllister delivered the invocation, after which the quartette sang "Massa's In De Cold, Cold Ground."

The principal address of the afternoon was delivered by Professor C. C. Fisher, President of the Millersburg College, who was introduced by Mrs. John J. Connell, President of the Richard Hawes Chapter U. D. C. Prof. Fisher delivered an eloquent address, full of tender sentiment and recounting the past glories and heroism of "the Lost Cause." The speaker decried sectionalism, lauded the soldiers of both armies, and paid a fervent tribute to the American soldiers who are now to take their part in the great world-war. He eulogized the American women as the noblest work of God and closed with an appeal to the patriotism of all ages, colors and to both sexes to stand by the President and to work for the success of America's efforts in the liberation of the old world from tyranny and oppression.

The exercises closed with the singing of "America" by the entire audience and a prayer by Rev. John J. Rice, the pastor-elect of the Paris Presbyterian church.

"And glory guards with solemn round
The bivouac of the dead."

CONTRACTORS DISCOVER OLD RELICS.

While engaged in tearing out a portion of the cottage adjoining the Methodist church some days ago, preparatory to making an addition to the building, Contractor Albert Snapp came across a carefully wrapped package concealed in the wall. Upon examination the package proved to be a bundle of funeral notices of Paris people who died away back in the early forties and on up to 1875.

Among them were the following, with the date of the burial:

Mrs. Mary D. Bryan, May 27, 1857; John K. Bishop, son of Thomas J. and Lucy A. Bishop, August 23, 1863; R. W. Dimmitt, April 3, 1869; Marion Offutt Paxton, October 3, 1862; Mrs. Mary J. Link, November 1, 1869; Mrs. Elizabeth Raines, August 25, 1852; Mrs. Cordelia Kelley, November 2, 1864; Thos. Mitchell April 23, 1860; Carrie R. Shakes, B. Wilkins, May 24, 1853; Mary Pearce, February 6, 1870; Mrs. Horace Elizabeth McAuliff, August 17, 1858; James M. Snyder, May 12, 1855; Mattie daughter of Richard H. and Eva Hanson, September 7, 1855; Mrs. Benedicta Williams, December 6, 1857; Ella Hill, youngest daughter of Wm. A. and Rebecca Hill, September 23, 1865; Mrs. Elizabeth Brent Hart, January 28, 1873; Anna Howell, June 22, 1840; Eliza Jane, daughter of Mr. Joseph Porter, Aug. 15, 1843; James Hutchings, February 21, 1849; N. B. Rion, Sr., May 4, 1875. All the ministers, whose names appeared on these old funeral notices, as well as every pall-bearer, have been dead many years. Besides these was a copy of a handbill announcing a basket picnic to be held in the vicinity of Winchester, near the Toll Gate, on the Mt. Sterling pike, on July 31, 1861, and a bill for groceries, etc., amounting to \$5.27 made against Mrs. N. B. Rion, on Oct. 25, 1842, by A. H. & E. Wright of Paris.

Mr. Snapp turned the old papers over to Mr. George R. Davis for safe-keeping. They are indeed silent voices from the past, reminders of the Paris of over a half century ago.

MUSIC HATH CHARMS.

Music-loving Parisians have organized a band composed of the following: Earl Swearingen, Pearce Paton, Wm. M. Talbott, Dr. H. E. Mathers, Wallace Clark, Wm. Mitchell, Robert Mitchell, M. O. Biddle, Eli Freeman, Dr. W. C. Ussery, Barnett Winters, Sello Wollstein, Landen Templin.

The organization holds semi-weekly rehearsals in the third story of the H. M. Collins building. They are all skilled musicians, and will be "heard from" on many occasions this summer, or whenever their services may be needed.

BASE OFF COAST OF VENEZUELA

IS WANTED BY GERMANY. FOR SUBMARINES. SAYS REPORT—ADJACENT TO PANAMA CANAL.

WASHINGTON, June 4.—Reports have reached the government from a source described as reliable that Germany is attempting to get control of the islands of Margarita, off the coast of Venezuela, for the use as a submarine base.

The State Department has forwarded the information received to Venezuela, for the consideration of President Gomez.

The exact nature of the advices is withheld, but officials permitted it to become known that the report had had caused some concern here.

Margarita is off the northern coast of Venezuela, near the southeastern corner of the Caribbean Sea, and within striking distance of the Panama Canal. It is about 500 miles from Culvera and 1,000 miles from Colon. Its adjacent waters, including the Gulf of Caracao, would make it admirably adapted as a naval base.

ROME, June 4.—The French submarine Circe has torpedoed and sunk a large enemy submarine as it was coming out from Cattaro, escorted by a torpedo boat. Although attacked by airplanes, the Circe returned undamaged to its base.

JUNE COURT DAY.

There was but a small crowd in the city yesterday, the farmers being busy with their crops. The ones who came in only did so to renew supplies, and then hurried back home. Stock offerings very small, a few head of horses, mules and cattle changing hands at fair prices. The candidates for city and county offices were busy shaking hands with the voters. The patriotic meeting at the court house, addressed by Judge Charles Kerr, of Lexington, and local speakers, the concerts by the Second Regiment Band and the Royal Italian Band, of the Littlejohn Company, attracted the crowd from their ordinary pursuits.

Keeping Birth Records.

There is one thing every father and mother in Paris and in Bourbon county owe their children—a clean certificate of birthright.

Every child born in the world today is entitled to have its name recorded in the office of the State Registrar of vital statistics over at Frankfort. The father or mother are possibly not to blame for those who now bump shoulders with the world to find that in many instances a registered certificate of birth is of as great importance as a certificate of marriage. In days gone by the family Bible was considered all-sufficient. And in those days people took other people's word for many things that fail to go unquestioned now.

To-day it is different. The child born into the world now is entitled to have its name recorded in the big "Kentucky family bible" at the capital of the State. In fact, there is a law in the State of Kentucky that makes it mandatory upon the attending physician to register births. In Ohio there has been several instances wherein physicians have treated this law lightly, and in several instances they have been called to account, with the result that at least two of them came dangerously near forfeiting their license to practice medicine.

It is to be hoped that the physicians of Paris and Bourbon county will look at this law in the light it deserves. Special agents of the United States census bureau are here now investigating to see if all babies born are being promptly and properly registered. Birth registration is of vital interest to our welfare and the welfare of our country in coming years. Military conditions now arising shows plainly the need of a clean certificate of birth. The public demands it; the parents prefer it; the babies born are entitled to it, and THE NEWS sincerely hopes that every physician in Paris and Bourbon county will not be lax in their duties now or at any future time.

Fire Traps.

Paris, along with every other town or city in the country had an excellent lesson the week in the destructive fires which visited Atlanta, Georgia, and Lexington, Ky. In Paris there exists, just as there existed in Atlanta and Lexington, a number of dilapidated, fast-decaying hovels, that are fire hazards of the most dangerous type. The only thing that permits them to stand is the fact that somebody is still getting a few dollars a month out of them in rentals.

Any one of these hovels is apt to be the means of a conflagration that would not mean serious loss by fire alone, but the possible loss of life. There are buildings in Paris not worth the lumber contained in them, standing as an hourly menace to other structures well worth into the thousands of dollars. Ordinarily they are occupied by the very poor, and most generally lamps are used, and fire carelessly handled. The owner manges in some way to escape the fire inspectors, and in many instances he is of sufficient prominence in the community to

cause neighboring property owners, those who really have something at stake, to withhold their complaints about his fire traps.

This should not be. No man who invests his money in property in Paris should be forced to have it endangered by a shack that is not worth carrying insurance on. Atlanta and Lexington are mourning a loss to-day of millions of dollars worth of property merely because they permitted a number of dilapidated old frame buildings, almost untenable, but still drawing a few dollars a year in rentals, to remain in their business districts. There must be somewhere in the city ordinances, or within the State's laws, something to afford relief and do away with this danger.

DRAWING THE NET.

While Germany is sending bomb throwers to Southern England to kill women and children America is preparing to send 10,000 airplanes to France for use against Germany. Brazil is getting into the war. Japan has sent destroyers to European waters to fight submarines. Spain is about to get into the fight. The neutrality of the Scandinavian countries is getting frayed out. China, seemingly will enter the war. Chile proposes to do so.

Germany and Austria and Bulgaria and Turkey constitute a large area, and when newspapers speak of Germany, without thinking of the other countries now governed by, rather than allied with, Germany, too little notice is taken of the importance of the extension of the German Empire as a result of the war. Nevertheless, the net is tightening. Great Britain seems to be dealing with the submarines, and every month brings greater certainty of the outcome of the war. Russia still is the unknown quantity, but civilization will win, even without Russia's help, if need be.

Germany, "frightful" to the last, will pay for frightfulness when the treaty of peace is drawn.—State Journal.

LET THE GOVERNMENT ACT

The foodstuffs of the country are in the hands of a horde of unprincipled scoundrels who are sucking the nation dry in their efforts to get rich quick from speculative profits.

They will continue to suck and bleed as long as there is a pound or a dollar left unless the government is quick to act.

With the young manhood of the nation marching out to war and death, it is a crime against the State for these dastardly leeches to be allowed longer to prey upon the helpless public.

The government should act without an hour's delay. It should jail every one of them, and if the jails will not hold them there are plenty of lamp posts and limbs that will.

We are peace loving men, but pleading and cajoling will not control the savagery of a wild beast.

We crush the serpent beneath our heel, but we allow these heartless and soulless baby robbers to thrive in our midst.

It is unthinkable—it is intolerable. The food speculator must go. Let the government act!

TUBERCULOSIS CAMPAIGN.

The Tuberculosis Commission has decided, in view of the demand for public health speakers, to operate a Public Health Bureau and Dr. W. L. Heizer, Executive Secretary of the Board, has already secured the consent of 118 doctors to make from three to six speeches a year. There will be no charge for the services of the doctors. Traveling expenses and entertainment while at speaking points will be all the outlay expected. Churches, lodges, woman's clubs and others desiring speakers will please communicate with W. L. Heizer, Executive Secretary at Frankfort, stating the time, hour and place, the subject desired, and approximately the number of people that are expected to be present.

SHARP, STABBING PAINS.

Often Tell of Weak Kidneys—Paris Resident Shows You What To Do.

The sharp twinge of pain in the small of the back that strikes you after any sudden twist or awkward motion, may tell of weak kidneys. And there are often disturbances of the urine—too frequent urination, scalding or burning pain during passages, discolored urine and sediment.

Doan's Kidney Pills are prepared especially for weakened kidneys, kidney backache and urinary disorders—have proven their merit in thousands of cases. Doan's are endorsed throughout the civilized world—are recommended by Paris residents.

Charles Stewart, tinsmith, Lillieson avenue, Paris, says: "I had three or four attacks of lumbago in the past few years, the first being the worst. My back was a dull, constant ache all the time and often sharp, cutting pains darted through it. Sometimes, I thought I could hardly endure the misery. Doctors' medicine was of no avail and somehow I got hold of Doan's Kidney Pills, procuring them from the Ardery Drug Co. The first box helped me and I continued taking them until cured of the attack. Return spells since then have always been slight, and Doan's Kidney Pills have never failed to relieve me."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Stewart had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

CANDIDATES WARNED OF NEW "CORRUPT PRACTICE ACT."

It is highly important for candidates for office in Kentucky to familiarize themselves with the provisions of the "Corrupt Practice Act," passed by the Legislature of 1916.

It is compulsory that each candidate file with the County Clerk or proper official an itemized statement of expenses incurred during his campaign, such as printing, stationery, stamps, stenographers, rent for public halls for speaking, and all other expenses incurred pertaining to his election. Such papers must be filed fifteen days before the primary, and also fifteen days before the regular election.

The penalty for failing to comply with this law, is a fine in any sum not to exceed \$5,000, or to be confined in the county jail not to exceed six months, or both.

The BOURBON NEWS has been appointed as agent in Bourbon county to handle and sell the Thomas Kentucky Election Forms, which are used for this purpose. With these forms it is no trouble to keep an accurate account of expenditures, etc. These forms are reserved and protected by law by the Cadiz Record, of Cadiz, Ky.

All candidates are required to make these statements, and the easiest and best way is to purchase one of these forms now. The price is \$1.50. Come in and see one, and give us your order. We have samples to show, but will have to send in orders to Cadiz for stock. We are going to send in an order next week. Let yours come with the rest.

NEW TELEGRAPH INSTRUMENT.

A telegraph "sender" has been experimentally perfected which the operator works with his voice instead of his fingers. In place of raising and depressing his sending key, he sends his dots and dashes by modulating his voice to produce long and short intervals. The principle of the sender is the same as that of the ordinary type. In the usual sender, the raising and depressing of the key opens and closes the circuit to produce the dot and dash. In the new type, a delicate diaphragm is so arranged that the vibrations in the air set up by the voice open and close the circuit in a telephone, and produce the same result.

WHOOPIING COUGH.

In this disease it is important that the cough be kept loose and expectoration easy, which can be done by giving Chamberlain's Cough Remedy. Mrs. J. H. Martin, Peru, Ind., writes, "My two daughters had whooping cough. I gave them Chamberlain's Cough Remedy, and it worked like a charm." (adv-june)

NOTICE!

All persons are hereby notified that it is a violation of the law to dump garbage or refuse of any character within the city limits, except places designated by the authorities. In the future no dumping of any kind will be tolerated except at the old Schwartz lime kiln. This place has been leased by the city for that purpose and no other place within the city limits shall be used for that purpose. Please govern yourself accordingly and avoid arrest for a violation of this law. (29-31) J. T. HINTON, Mayor.

YES! LIFT A CORN

OFF WITHOUT PAIN!

Cincinnati Authority Tells How to Dry Up a Corn or Callous So It Lifts Off With Fingers.

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of Euczone applied directly on a tender, aching corn or callous, stops soreness at once and soon the corn or hardened callous loosens so it can be lifted out, root and all, without pain.

A small bottle of Freezone cost very little at any drug store, but will positively take off every hard or soft corn or callous. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any Freezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time. (adv)

GAINS 16 POUNDS AND FEELS FINE

"I Was Run Down For Years Before I Took Tanlac."

TIRED FEELING ALL GONE

"I feel fine now, and since I have been eating right I have gained 16 pounds," said Mrs. Sam Antle of Lebanon, and it's all due to Tanlac.

"I was in a weak, run down condition for several years. Food soured after I ate it. Gas formed after meals, and I felt bloated and uncomfortable. It's no wonder I didn't have much of an appetite."

"I was nervous and irritable most of the time, and I didn't sleep soundly. I got up feeling all worn out and kept saying all day long, 'I feel so tired.' Finally I tried Tanlac, and before I had finished the first bottle I knew that it was helping me. I now have a better appetite than I ever had before. I sleep soundly and get up feeling rested and refreshed. I weigh 16 pounds more than I ever did before. I think Tanlac is the best tonic I ever took."

Tanlac is made of roots, barks and herbs and is especially designed to build up run down people. It brings back the appetite, tones up the stomach and promotes restful, refreshing sleep.

Tanlac can now be bought here from Varden & Son.

"PERFECT ANSWER TO U-BOAT TERROR FOUND."

The Philadelphia Press publishes a story to the effect that "America has found the perfect answer to the German submarine terror." It is said to be a merchant submarine standardized at about 7,500 or 8,000 tons dead weight, of such speed that it can, even when submerged, easily elude any surface pursuer and non-sinkable.

The craft, the invention of Simon Lake, according to the Press, is capable of submerging within half a minute and has been so standardized and simplified that the first one may be turned out in four months and others after that at the rate of three or four per week. It will burn oil and the construction is said to be such that its parts can be made simultaneously in many widely separated steel plants.

SLOAN'S LINIMENT FOR RHEUMATISM.

The pain goes so quickly after you apply Sloan's Liniment for rheumatic pains, neuralgia, toothache, lumbago, sprains, and it is so easy to use. It quickly penetrates and soothes without rubbing and is far cleaner and more effective than musky plasters or ointments.

Keep a bottle in the house and get prompt relief, not only from all nerve-pains, but from bruises, strains, sprains, over-exercise and all external aches. At your druggist, 25c, 50c, \$1.00. (adv-june)

FARMERS RESPONDING.

A NEWS representative in traveling over Bourbon county recently noticed with pleasure the ready response the farmers of the county have given to the President's urgent call to plant more and raise more foodstuffs.

He traveled over pikes along which lay hundreds of acres being cultivated in potatoes, beans and other vegetables, like great gardens, big fields of growing wheat and corn. Hundreds of acres of fine tillable lands, for years almost virgin soil, have been plowed under and grass has given way to the cultivation of foodstuffs. Given plenty of sunshine and warm showers there will be no fear of a famine or shortage of foodstuffs in Bourbon county.

CHOLERA MOREUS.

This is a very painful and dangerous disease. In almost every neighborhood someone has died from it before medicine could be obtained or a physician summoned. The right way is to have a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house so as to be prepared for it. Mrs. Charles Euseart, Huntington, Ind., writes: "During the summer of 1911 two of my children were taken sick with cholera morbus. I used Chamberlain's Colic and Diarrhoea Remedy and it gave them immediate relief." (adv-june)

LITTLEJOHN'S SHOWS AGAIN IN PARIS.

The J. P. Littlejohn Carnival Company, well and favorably known in Paris, is again with us, having arrived Sunday from Versailles, where they played to big business all last week. The company pitched tents on the city lot between Houston avenue and Higgins avenue, and opened last night.

The Littlejohn shows had been booked for Irvine this week, but Mr. Littlejohn received word from his advance man that the streets there were impassable, owing to new construction work going on. Paris was substituted for Irvine, and the shows are here.

Littlejohn's shows need no introduction to Paris people. They are known here as the cleanest and most wholesome shows of the carnival class now in America. The following letter from the Chautauqua Auxiliary of Lebanon, Ky., where Littlejohn's attractions played two weeks ago, shows the high regard in which his company is held by the people:

Lebanon, Ky., May 14, 1917.
Mr. T. P. Littlejohn,
Campbellsville, Ky.

Dear Sir:
Realizing that sometimes one desires to have letters that will in a way identify him and also serve as a recommendation, the ladies of the Chautauqua Auxiliary, have asked me to write this, as they were so well pleased with your Carnival and with the satisfactory business dealings, that they have had with you this and previous years. They asked me to state that if they could be of any assistance to you in securing bookings anywhere, by recommending you and your shows, for you to let them know and they would be pleased to do what they could. Your shows are so far ahead of the ordinary Carnival companies and your people so well behaved, and everything goes so smooth and satisfactory when your Carnival shows in Lebanon, that it is a pleasure to do this.

Hoping that you have a fine week at Campbellsville, I am,
Very truly yours,
JOHN R. THOMAS.

MAYSVILLE DISTRICT CONFERENCE MEETING.

The Maysville District Conference of the Methodist Episcopal Church, South, convened yesterday at Bethel, in Bath county, for a three-days' session.

Mr. Dennis V. Snapp, of Paris, delivered the opening address speaking on the work of the Epworth League and the Young Peoples' Society of the Methodist church. The address was characteristic of the speaker, who has earned an enviable reputation as an orator and a worker in this special line of church work.

PATRIOTIC MEETING.

There was a large outpouring of people and patriotism at the patriotic meeting held at the court house yesterday afternoon, when addresses were delivered on lines of patriotism, conservation and production of food and the Liberty Loan.

The principal speaker of the afternoon was Circuit Judge Charles Kerr, of Lexington, who is making a tour of Central Kentucky in the interest of the Liberty Loan, his address being a scholarly and pleasing one.

He was followed in turn by Judge Denis Dundon, County Attorney, Geo. Batterton and Dr. Fritz, surgeon in the U. S. Army, who is touring Kentucky on a special enlisting campaign. All the speakers made highly interesting addresses. The big Circuit Court room, where the meeting was held, was more than filled with an audience composed of business men, farmers and ladies, all of whom gave the closest attention to the speakers. The proceedings were enlivened with music by the Second Regiment Band from the mobilization camps at Winchester, who kindly volunteered their services for the occasion.

The meeting was a long step toward inspiring enthusiasm and patriotism in the rank and file of the patriotic people of Paris and Bourbon county.

CHILDREN'S DAY CHRISTIAN CHURCH.

Children's Day exercises at the Christian church Sunday morning attracted a large crowd, who enjoyed the program. The main auditorium, the Sunday school room and the balconies were filled to overflowing. The church was appropriately decorated for the occasion.

This was the twenty-second observance of Children's Day by the Bible School of the church, as well as the twenty-second year of the Superintendency of Mr. Wm. O. Hinton. The children of the class were led by Mrs. Lizzie Walker, who was assisted by Mrs. R. B. Hutchcraft, Mrs. Wade H. Whitley, Misses Carolyn Roseberry, Esther Boatright, Elizabeth Clark and Mary Allen Hutchcraft, and Mr. A. L. Boatright.

Master Keller Larkin, as "Uncle Sam," led the procession composed of a number of girls representing Red Cross nurses, and boys dressed as boy scouts. The program was made up of songs, recitations and addresses by the pupils. The sum of \$217.25 was received as offering for foreign missions. This largely exceeded the allotment for the school, nearly all the classes coming fully up to their appointment, and several exceeding it.

MAYSVILLE PAPER TELLS OF SECRET MARRIAGE.

Under the head of "Secret Marriage In Order That Groom May Join Army," the Maysville Bulletin has the following regarding the recent marriage of Miss Olive Taul, daughter of Mr. and Mrs. Thos. Taul, of Paris, and a graduate of the Paris High School:

"Dr. Clyde B. Terwilliger, surgeon in the British Army for more than a year, and Miss Olive Taul, a daughter of Mr. and Mrs. Thomas Taul, of Paris, who was for the last two years a teacher in the Milford Public Schools, Thursday, surprised their friends by the announcement of their marriage at Maysville, May 19.

"Mr. and Mrs. Terwilliger expect to depart for the war front in the near future. The doctor expects to report at Fort Thomas this week, where a commission as surgeon in the American army will be given him, according to advices from Washington.

"Dr. and Mrs. Terwilliger were married by Rev. N. F. Jones, pastor of the First Baptist church, this city, in the office of Dr. Leslie Brand, in Third street on the morning of the date named, in the presence of Dr. Brand and Mrs. Edward Davis, friends of the couple. The Bulletin had knowledge of the event when it took place, but for the very special reason that the groom wanted the wedding kept secret for a while, fearing that it might interfere with his expected commission in the United States Army, we consented to withhold it from publication."

THE WEATHER.

For Ohio Valley and Tennessee—Generally fair, with temperature near seasonal normal.

Clear warm days succeeded the storm period of last week, for which nearly every one is truly thankful. High winds and heavy rains, accompanied by brilliant electrical displays held leading parts in the weather performances for several days and nights. Early Friday morning this section was visited by another storm of wind, hail and rain, which did a great deal of damage to gardens and crops throughout the county.

A tobacco and stock barn on the farm of Mr. Sol. Redmon, on the Ruddled Mills pike, near Paris, was blown down. A tenant house on the same farm, occupied by Ed. Brannock and family was blown from its foundations by the wind and turned completely over. The occupants escaped injury, but the house was badly damaged. Fencing was blown down, while the heavy downpour of rain mingled with hail, washed the ground badly. Telephone and telegraph service suffered, as in previous storms, and linemen were busy all day Saturday and Sunday, restoring communication with the outside world.

P. H. S. COMMENCEMENT.

This is P. H. S. week, when the "boys and girls" of the Paris High School will be busy doing various things that happen around the closing time of the school term.

The baccalaureate sermon was delivered to the graduates at the Christian church Sunday night by Rev. John J. Rice, pastor-elect of the Paris Presbyterian church. The annual reception to the Seniors will be given in the High School Gymnasium by the Juniors to-night. On Wednesday the Senior Class will present the clever play, "All Of A Sudden Peggy," in the High School Auditorium. A small admission fee will be charged to this play, the proceeds to be turned into a fund for publishing the High School monthly, "Every-student." The twentieth annual Commencement exercises will be held in the High School Auditorium on Thursday evening. The address will be delivered by Rev. John J. Rice, of the Presbyterian church.

The members of the graduating class of 1917, who will receive diplomas are: Fithian Arkle, Edward Brophy, John Clay, Jennings Taylor, Charles Chappel, Raymond Connell, Edgar Estes, Basil Hayden, Albert Lavin, Forest Letton and Preston

White; Esther Boatright, Ethel Harper, Elizabeth Kenney, Minnie Kiser, Lona McCord, Maude Taylor, Luella Wiles and Eileen Ellett. Miss Ellett is the first honor student, with Mr. Lavin second.

B-4 FIRE INSURE WITH W.O. HINTON & SON, AGTS

LIGHTNING DESTROYS BARN.

Lightning set fire to a large stock barn on the farm of Col. J. C. Durrett, five miles north of Versailles on the Midway turnpike, during a storm Friday. The barn was burned to the ground. The livestock was gotten out, but a quantity of hay and feed was consumed. The loss on the building amounts to \$8,500 and is partly covered by insurance.

"THE HONOLULU GIRLS" AT ALAMO AND GRAND.

Manager Fred Erd has secured as an added attraction for the Alamo this afternoon and the Paris Grand to-night, the "Three Honolulu Girls," who created a furore at the Ada Meade in Lexington last week.

This is a high-class act, comprising vocal and instrumental selections, the native ukeleles and guitars and concert mandolins being used, and Hawaiian dances in native costumes. They packed the Ada Meade to overflowing nightly in Lexington last week, and you will have to go early this afternoon and to-night to get a seat. Manager Erd made a lucky strike for his patrons in securing this attraction. There will be no advance in prices. On account of the lack of stage room at The Alamo the dances will be put on at the Grand only.

CAN'T DOWN DOWNEY.

A number of traveling men, all good friends of Ben Downey, of Paris, the genial traveling representative in this section of the National Biscuit Company, have been stringing him for some time in regard to the liberality of the various concerns they represent in taking a small block of Liberty Loan stock.

A few mornings ago Ben found a letter lying on his desk in the Lexington office, enclosed in which was a circular from the National Biscuit Company. With this, which is printed below, Ben turned the tables on his good friends, who are silent on the subject. The circular, which was marked, "Put on Downey's desk," read as follows:

"THE NATION'S NEED.

"The response that is being made by the people to the Liberty Loan is both inspiring and encouraging. Individuals and corporations alike are subscribing generously, among the first of the latter being the National Biscuit Company, which took a half-million dollars of these bonds.

"To conserve what our ancestors fought for and to make the world safe for democracy the Liberty Loan must be made a great patriotic success, for the future peace and security of the world are in the balance. Here is a great opportunity to help the Nation. Now is the time for all good men to come to its aid."

FILIPINOS MAY ENTER NAVY.

According to statements made by prominent navy officials, there is nothing in navy regulations that prohibits the enlistment of Filipinos as sailors in the United States navy on the same basis as Americans. Much discussion has taken place over this question, and since its settlement many young Filipinos are deciding to enlist. Their services in the American navy will not only show the loyalty of the Filipino to the United States, but will also prove of great value to the islands when the time arrives for the creation of a Philippine navy.

—Chas. A. Webber, of near Paris, recently disposed of one thousand bushels of wheat at three dollars per bushel.

—Caywood & McClintock recently purchased of Mr. O. P. Clay, of near Paris, the wool clip from seventy-five sheep, at 65 cents per pound.

—Mr. James Ward, of near Georgetown, purchased of Mr. Chas. Kuster, of near Jacksonville, last week, a black Percheron mare, for \$200.

—Representatives of Paris seed and commission houses, who have just returned from an inspection of Central Kentucky, report the blue grass seed crop will be a very short one this season. Many farmers have plowed up their pastures, and have planted foodstuffs in the place of blue grass.

LIED TO THE POPE.

The Kaiser's "promises" include the promise to the Pope to stop deporting Belgians and virtually murdering them by forcing them to hard tasks, ill nourished and mistreated. That promise has been broken as easily as the Kaiser's promise to America after the sinking of the Lusitania. Is anyone surprised?

Lying to the Pope will strike persons who are neither superstitious nor profoundly religious as being a rather rotten thing for a monarch to do, but is there any crime the head of the German Empire would not commit? Surely not. A ruler who can "for disciplinary purposes" order criminal assaults upon Belgian women, selecting the market place of Liege as the scene of the crimes, lest the news of frightfulness might not travel fast or far enough to have its effect, is capable of every infamy. And various investigators agree that the outrages which began in Belgium with the beginning of the invasion were ordered, as a part of the fundamental military policy of Germany.

What, in comparison, is merely lying to the Pope?

SOUR STOMACH.

This is a mild form of indigestion. It is usually brought on by eating too rapidly or too much, or of food not suited to your digestive organs. If you will eat slowly, masticate your food thoroughly, eat but little meat and none at all for supper, you will more than likely avoid the sour stomach without taking any medicine whatever. When you have sour stomach take one of Chamberlain's Tablets to aid digestion.

Doesn't Seem Appropriate.
When a girl weighing 190 pounds answers to the name of "Birdie," the eternal fitness of things gets an awful jolt.

NOW FOR THE GIRL GRADUATE

NET AND LACE-TRIMMED FROCKS MOST POPULAR THIS SEASON.

THE GIRL AN IMPORTANT FEATURE.

NEW YORK, June 1, 1917.

The same excitement, the same eager planning, the same thrills of pleasure and happiness are going on in the minds of the youthful graduates of this year, just as they have every past year and as they will in every year to come. Only the girls are different, and only the frocks they wear are different.

Many a fashion authority, I am sure, is being consulted already as to how the graduation frock should be made. First the material, then the style. These are the two important items in planning the graduation frock.

Crisp Organdy Fashions this Dress.

The choice of the material depends on how much is to be spent on the dress; the choice of a style depends on your figure and your individual taste. The simplest cotton frock may be made to look just as distinctive as a dress that costs very much.

Very charming indeed are the sheer, filmy materials. Chiffon, Georgette crepe, silk voile, silk marquisette, organdy, batiste, and fine voile are the materials most in vogue. This year organdy is a prime favorite, and net is another, and sometimes both of these are combined in a dress.

Net Frocks and Laces Most Popular

There is a great deal of lace used; lace flouncing, banding, allover and narrow edging used in the variety different ways all tend to make a dress more elaborate, and just the essence of daintiness that every girl pictures her frock to be in her mind's eye.

Nets of all kinds are in use this season, including very fine nets, coarser nets and the open square-meshed nets which combine especially well with filet lace, one of the very fashionable laces this summer.

Net dresses are usually worn over silk slips, but some are worn over elaborate dresses are made with the new silver cloth foundations.

According to custom, the frock in which the young graduate receives her diploma is all white, but for class-day exercises and other attendant festivities colors are used.

Most likely the program for graduation week will include a dance, and a frock for this occasion must be planned. A very fashionable and exceedingly pretty idea is to have a pale pink silk slip under a dress of white or cream-colored net, lace flouncing, or any of the transparent materials requiring foundations. This foundation is not entirely plain, but may be trimmed with rows of pale blue ribbon or small chiffon flowers arranged in clusters.

The Important Girdle.

Girdles are a very important feature of frocks this year and consequently there are many styles from which to choose. The long, narrow, beaded girdles are particularly pretty with frocks of Georgette or chiffon. With net, organdy and voile dresses, soft girdles of wide ribbon are most effective. There are a number of ways in which they may be arranged. Some are caught in loops at the right or left side, others are wound around the waist, brought to the center front, and arranged in a loose knot with the ends hanging down the length of the skirt. Frequently the ends of ribbon girdles are finished with silk fringes. Beaded fringes or tassels usually finish the ends of

those girdles made of the dress materials, when of crepe de Chine, Georgette crepe, or chiffon.

Styles Are Very Girlish.

The styles of the dress are very girlish, and the trend of simplicity which characterizes most of the fashions to-day is even more accentuated in youthful frocks.

An example of the beauty of extreme simplicity is seen in the frock of organdy in the first sketch. Just sheer organdy and a tiny picot edge of fine lace—nothing more—fashions this dainty frock. It is completed by an underbodice of lace and a crushed girdle of soft ribbon. The waist is made with body and sleeves in one and a surplice front, and the skirt is cut to give the effect of the oval silhouette.

Bolero Frock of Georgette and Filet Lace.

To many girls the dress of Georgette with bolero of allover lace shown in the second sketch, will prove quite irresistible. In style and development it has the note of individuality which never fails to attract. Although in one-piece style, the deep yoke-belt lifts it above the usual style of other one piece frocks. Sleeves are both long and short. The short sleeves range anywhere from the tiny puffs to the lengths reaching slightly below or slightly above the elbow.

White silk hose and white kid pumps, it is hardly necessary to say, are in the best taste and are very necessary to complete the graduation dress.

As to accessories, spangled gauze fans and filmy chiffon or tulle scarfs are among the most important. Some of the chiffon scarfs are decorated with beads at the ends. Others are printed in soft, delicate colors.

NEVER NEGLECT A COLD.

A chill after bathing, cooling off suddenly after exercise and drafts, give the cold germs a foot-hold that may lead to something worse. Safety requires early treatment. Keep Dr. King's New Discovery on hand. This pleasant balsam remedy allays inflammation, soothes the cough and repairs the tissues. Better be safe than sorry. Break up the cold with Dr. King's New Discovery before it is too late. At your druggist, 50c, \$1.00.

THE ROBERT BURNS WILSON PORTRAIT.

The Kentucky Federation of Women's Clubs, in session at Fulton last week unveiled the memorial portrait of Robert Burns Wilson, painted by Ferdinand Graham Walker, of Louisville. It is said to be a fine piece of work, and a good likeness of the poet-artist.

The portrait was formally presented to the Federation by Mrs. A. C. Zembrod, the State Chairman of Art Committee. The convention in session last week at Fulton was to decide what city is to have the portrait until we shall have a Kentucky Museum of Art.

In addition to paying for the portrait it was also handsomely framed. The Women's Clubs of Bourbon county contributed generously to this fund, of which Mrs. Frank P. Lowry, of Paris, was Treasurer. Mrs. Lowry was elected last week to succeed Mrs. Zembrod as Chairman of the State Art Committee.

THE EVILS OF CONSTIPATION.

Constipation is one of the main reasons why the average human life is below 40 years. Leaving waste material in the body, poisons the system and blood and makes us liable to sick headaches, biliousness, nervousness and muddy skin. When you note these symptoms, try Dr. King's New Life Pills. They give prompt relief, are mild, non-gripping in action, add tone to your system and clear the complexion. At your druggist, 25c.

KENTUCKY'S PAY ROLL IS \$1,413,730.90

In a lengthy report filed with Governor Stanley, State Inspector and Examiner Nat. B. Sewell shows the amount paid annually to State officers, judicial officers and State employees by counties. Fayette county head the list, the State employees of that county receiving a total of \$183,239.90 annually. The large amount paid to State employees in Fayette county results from the fact that the University of Kentucky and Eastern Hospital, are located in that county.

The State of Kentucky has an annual pay roll of \$1,413,730.90, which does not include the State appointive officers and employees on a per diem basis. There are 189 officers and employees paid per diem salaries.

In Central Kentucky the amounts paid out on the State pay roll are

as follows: Bourbon county, \$7,100; Clark County, \$9,890; Fleming county, \$4,126; Franklin county, \$140,722; Harrison county, \$6,782; Jessamine county, \$6,945; Madison county, \$28,437; Woodford county, \$7,800; Montgomery county, \$8,100; Nicholas county, \$2,100; Scott county, \$6,260; Bath county, \$8,100.

WAR WILL DOOM THE STARCHED COLLAR

Doom of the starched collar and glossed shirt bosom was forecast in Chicago as a war measure. Haberdashery manufacturers, anticipating probable action by Congress, are advising their patrons that unstarched goods would be the proper style for war times. The suggestion came from England, where a governmental caution against the waste of starch, an important food item, has been issued.

OUR FOREST FIRES

Work of Uncle Sam In Preventing
and Fighting Them.

RIGID RULES FOR CAMPERS.

The Permit System Has Been a Big Factor In Checking the Destruction of Trees—How the Alert Rangers Discover and Locate a Blaze.

Eternal vigilance is the watchword of the forest service of the United States in preventing and fighting forest fires. August and September are rated the critical time when forest fires are most numerous and disastrous. These are the driest months of the year on the Pacific slope, and in consequence the grass and brush in the forests are tinder dry and offer the least resistance to fire.

Throughout the dry season, which begins about April and extends through the early part of November, according to the latitude of the different states, the forest service of the department of agriculture increases its working forces until it has a host of men throughout the ranges ever on the alert for fires. These additional forces augment the regular range force, which is on duty the year round.

High up on some lonely peak, far from the centers of civilization, stands a high watchtower that daily is the post of a forest ranger, who, with powerful binoculars and telescope, is on the lookout for the thin, telltale banner of vapor that tells its own story of the fight ahead to the watcher. On other peaks there are similar watchtowers, and the watchers here, too, may mark the rising column of smoke from afar. All report to a central station, where the fire is accurately located.

At each watchtower there is a circular map of the district within the view of that particular tower. By triangulation on this map the watcher notes the direction of the fire from his tower. The other watchtowers do the same, and all report to the central station these various directions. Where the triangulation lines meet on the great map of the central station there the fire is. It is a simple and yet a most effective method. The fire located, the fighting forces of the district are mobilized and the battle begins. It may be short, and it may last for weeks, but it is fought none the less relentlessly.

Stretching in every direction from the central ranger stations are miles of telephone and telegraph wires that are used in time of danger to mobilize the fire fighting army. Once the call has been made they come from every direction prepared to combat the common enemy. Frequently these fires occur within a short distance from small villages and towns, and then the problem becomes more complex, in that the homes, once aflame, are extinguished with greater difficulty.

Besides the use of the telephone and telegraph, the forest rangers also use the heliograph, with which they are able to send flashes of sunlight many miles to bring aid. These are where telephone and telegraph lines are not yet available. At centrally located depots are caches of dynamite that are also used for signaling purposes. At these depots are stored materials for fire fighting purposes and highly specialized apparatus.

Rigid rules have been laid down for persons camping in the woods, and the fire permit system has lessened the number of fires very appreciably. The greatest loss comes from the negligent pleasure seekers, who drop lighted matches in the grass and low brush. The fire permit cards can be obtained either at the general office or of any ranger, and there is no expense attached to it. The good accomplished by this arrangement appears in the fact that when a fire breaks out it is possible to know who had a permit to build a fire in that territory, for a close record is kept of the permits issued.

The fire permit card authorizes the holder to build camp fires on the national forest land between certain dates, provided the following requirements are complied with: To build small fires only, to build fires in the open and not against a tree or log or within twenty feet of standing brush, to scrape away all leaves and trash from around the fire, never to leave a fire unattended, even for a short time, without first extinguishing it; to extinguish fires first use water, then cover with dirt; bonfires are not allowed. It is further provided that when camp is moved the ground must be left in a clean and sanitary condition.—New York Tribune.

Facts About the Dollar.

When you break a dollar the pieces disappear mysteriously.

A dollar spent is far smaller than a dollar saved.

Doubling a dollar is far harder than dividing it.

A dollar thrown away can never again be found.

A borrowed dollar is never so big as a dollar lent.—Baltimore Sun.

The Owl Valuable to the Farm.

Do you know a monkey face owl when you see one? Perhaps you know it as the barn owl. Anyhow, if you see one hanging around, don't kill it. It's worth six or eight cats to you on the farm or suburban place, according to the state biologist of Washington.—Chicago Tribune.

How shall I be able to rule over others that have not full power and command over my?—Rabelais.

BEGIN SAVING EARLY.

Then You Can Pay Your Own Annuity When You Are Old.

An agent of one of the big insurance companies sends me this about annuities:

"A man aged forty can deposit with us \$5,925.50 and receive \$350 annually for his lifetime. A woman aged sixty-five on a deposit of \$6,000 can receive \$400 a year.

"The man's expectation of life is twenty-eight years, the woman's at least eleven."

Now, \$350 is 5.9 per cent of \$5,925.50, and \$400 is 6.6 per cent of \$6,000. Any company which could make as much as 6 per cent could pay \$350 a year indefinitely, and when the annuity receiver died his original deposit would be intact. The company assumes that not more than 3 per cent can be made on money deposited with it. That explains why only 5.9 per cent is paid annually.

In theory part of the original deposit is taken annually to supplement interest earnings. If the annuitant lives his expected term of life the principal and interest at 3 per cent will have been paid to him.

Over a long period of years it is difficult to keep money safely employed and earning over 3 per cent.

In times like these it is hard to picture the years when capital is a drug on every market and millions are seeking investment in sound bonds at 4 per cent and under. Yet those years will come.

Every one his own annuity payer—that would be the ideal condition. Begin to save and invest early in your earning life, and when the time arrives to withdraw from the battle you will have both the resources and sufficient knowledge of how to invest them to make it unnecessary to accept the insurance company's offer.—John M. Oskison in Chicago News.

TRAPPING A SUBMARINE.

The Wire Rope Net That Catches and Dooms the Vessel.

A submarine net is made of wire rope about as thick as a lead pencil, and the meshes are of great size—about ten or fifteen feet square. The net has floats on top that keep bobbing up and down like the float on a fishline, and on the bottom are weights that keep the whole thing in a perpendicular position.

The submarine cannot submerge to very great depths on account of the pressure, 200 feet being about the limiting depth. It sails innocently along, therefore, until it pushes its nose into these meshes. The net now trails along on both sides of the submarine, its progress revealing the fact that something below is supplying the motive power.

Perhaps the net suddenly stops. That means that the hidden submarine has stopped, its navigators having made the horrible discovery that they are trapped, or perhaps the net has become twisted in the propeller. Under these conditions the wise submarine rises to the surface. It surrenders, becomes the property of the enemy, and its crew are made prisoners.

If it does not take such action one of two things will happen. The enemy will wait upon the surface until the submersible comes up, or if it starts moving the enemy will follow until the inevitable uprising. But perhaps the surface commander gets impatient. In such a case he can let a bomb down into the water, which will explode when it touches the roof of the submarine. Of course the submerged submarine knows that this bomb is likely to drop at any minute. The psychology of such a situation tends to persuade the imprisoned crew to surrender.—World's Work.

High Cost of Artillery.

Always a costly arm, field artillery is more so now than ever, due to the complicated engines it uses. The equipment alone, exclusive of men and horses, for the artillery of a corps in our army reaches a cost of more than \$12,000,000, its visible supply of ammunition twice that amount. For an army of a million men the cost is more than \$120,000,000, that of ammunition more than \$240,000,000.—Major E. D. Scott in National Service Magazine.

When Drink Is at the Bottom.

"In a large proportion of cases," says a contemporary, "drink is found to lie at the bottom of the trouble when accidents to joy riders occur." Quite so, and at the bottom is the man outside of the drinks, while on top oftentimes is a couple of tons of twisted metal, some combustible upholstery, a tank of gasoline with a broken feed line and a live spark.—Louisville Courier-Journal.

Not an Insult.

"Did you call that contemporary a lowbrow and a bonehead?" "Yes, I did," answered Senator Sorghum.

"He resents the insult." "That was no insult. That was a diagnosis."—Washington Star.

The Dull Man.

The dull man has no imagination. He does not possess the faculty of putting himself in the other man's place. Therefore he is certain to blunder, to be unjust and to be cruel. He cannot be charitable.—Arnold Bennett in Woman's Home Companion.

No Change.

Patience—Isn't it remarkable how she keeps her age? Patience—Yes; she hasn't changed it in ten years.—Yonkers Statesman.

It is easy to poke another man's fire.—Dan's.

DEATHS.

FORD.

—James Ford, seventy-three, and Thomas Ford, seventy-five, brothers, who fought through the four years of the Civil War side by side in the same company in the Confederate service, died at their homes near Thompsonville, Ky., of infirmities of age at exactly the same hour, Friday night.

LAMPTON.

—The body of Col. Wm. J. Lampton, the noted writer and poet, who died suddenly in New York, last week, arrived at Winchester, on the 7:32 C. & O train Saturday morning, and was taken to the home of his sister, Mrs. A. H. Simpson. Funeral services were held at the grave in Winchester Cemetery at 2:30 o'clock, Saturday afternoon, conducted by Rev. W. M. Cummings.

The pall-bearers were Judge J. M. Benton, Frank Jackson, Lucien Beckner, Dr. C. H. Rees, Charles B. Nelson and P. B. Winn. The honorary pall-bearers were Col. Thos. G. Stuart, J. D. Simpson, A. H. Hampton, W. P. Winn, J. W. Poynter and James F. Winn.

Before the body was removed from New York a special service was held by the members of the Writers' Clubs, of which Col. Lampton was a member. The speakers, many prominent in the newspaper world, paid eloquent tribute to the Kentuckian's genius. Richard Collier Garhart, who had long been a close personal friend of Col. Lampton, accompanied the body to Winchester.

GRINNAN.

—Mr. Daniel M. Grinnan, aged seventy, a former resident of Paris, and a native of Harrison county, died at the home of his daughter, Mrs. W. E. Gary, in Louisville, Friday, of a complication of diseases.

Mr. Grinnan for several years operated the old Coulthard Mills, famous in its time, for the quality of its corn meal made by stone burr process, driven by an old-fashioned water wheel and noted far and wide as one of the historical landmarks of Bourbon county. Several years ago he turned the business over to his sons, John and Dan Grinnan, Jr., and retired from active business pursuits, making his home in Louisville most of the time with Dr. and Mrs. Gary.

Mr. Grinnan is survived by his widow, Mrs. Sallie Grinnan; two daughters, Mrs. Nancy Gary, wife of Dr. W. E. Gary, of the Louisville City Health Department, and Mrs.

Kirby S. Denton, of Cincinnati; three sons, James Grinnan, formerly of Paris, now connected with the Fayette Motor Car Co., in Lexington; John W. Grinnan, of Cleveland, O.; Thomas Grinnan, of Smithfield, Va.; one brother, Mr. Lafayette Grinnan, formerly the well-known Paris photographer, now a resident of Seattle, Wash., and one sister, Miss Elizabeth Grinnan, of Concord, Tennessee.

The body was taken to Cynthiana yesterday, where the funeral was held yesterday afternoon, the interment following in Battle Grove Cemetery.

JONES.

—The funeral of Mrs. John A. Jones, aged seventy, who died at her home in North Middletown, Thursday, of the infirmities of age, was held at the residence in North Middletown, Friday, the services being conducted by Eld. John Christopher, pastor of the North Middletown Christian church. Besides her husband she is survived by one son, Mr. Charles Jones.

LEWIS.

—The funeral of Mr. Wm. Lewis, aged fifty-five, who died at his home near Hutchison, was held in the Paris Cemetery Saturday afternoon at 2:30 o'clock, with services conducted at the grave by Rev. W. E. Ellis, pastor of the Paris Christian church. Mr. Lewis is survived by his widow and one daughter.

BAD DAY FOR SPEEDERS AND BOOTLEGGERS.

Andy Love Tire, colored, of Clayville, was arrested in that historic suburb Sunday by Chief of Police Fred Link, and taken to jail on a charge of selling liquor to soldiers in uniform. Love was brought before Judge Chas. A. McMillan, in the County Court yesterday morning, and fined \$100 and costs and fifty days in jail. Several other charges of a similar nature are pending against him.

C. M. Steigger, of Winchester, was arrested Sunday by Chief of Police Link, charged with violating the traffic ordinances of the city and with exceeding the speed limit prescribed by law. Steigger and Dan W. Peed, of Paris, collided at the corner of Main and Fifth streets Sunday afternoon. It was claimed that Steigger was speeding his machine at about thirty miles an hour. He was tried before Judge January in Police Court yesterday morning at ten o'clock, and upon entering a plea of guilty, was assessed a fine of \$20 and costs, which he paid and was released from custody. Mr. Peed, who was nominally under arrest on the same charge, was released.

MATRIMONIAL.

—A marriage license was issued from the office of County Clerk Pearce Paton, yesterday to Mr. John R. Cook and Miss Anna May Sayre, both of this county.

WILCOX—FRYMAN.

PENNINGTON—DUNNIGAN. —In Georgetown last Thursday County Judge Ward performed the marriage ceremony for two Paris couples, Mr. Raymond Fryman and Miss Louise Wilcox, daughter of Mr. and Mrs. Ward Wilcox, and Mr. Clem Dunnigan and Miss Mattie Pennington. They will reside in Paris.

WELCH—SHEA.

—Mr. and Mrs. Lawrence Welch, of Lexington, announce the engagement of their daughter, Miss Agnes Welch, to Mr. James H. Shea, of Paris. The wedding will be solemnized in the Catholic Church in Lexington, on Tuesday morning, June 19. The bride-elect is an attractive young woman, who has been a frequent guest of friends in Paris. Mr. Shea is a son of Mrs. R. D. Shea, of Paris, and a member of the grocery firm of Lusk & Shea, in this city. THE NEWS extends congratulations and best wishes.

HIGHFIELD—BATTERTON.

—The marriage of Miss Virginia Highfield, of Lexington, to Mr. Roy Joseph Batterton, of Paris, will be a pretty event of this month. The marriage will be celebrated on the evening of June 12, at eight o'clock, at the Centenary Methodist church, in Lexington, the Rev. Thos. B. Roberts officiating. The bride's sister, Miss Lillian Highfield, of Lexington, will be maid of honor, and Mr. George Batterton, of Paris, County Attorney of Bourbon, will be best man. The bridesmaids will be Misses Martha Stevenson, of Paris, and Lillian Haydon, of Lexington, and the groomsmen will be Mr. Robert Adair and Mr. Brooks Woodford, of Paris. After the ceremony the bridal pair will leave for a honeymoon trip through the East. On their return they will reside on the groom's farm near Shawhan.

BLOUNT—MORRIS.

—The many friends of Miss Eliza Blount, formerly of this city, who has been residing in Hamilton, O., for several months, will be surprised to learn of her marriage, which occurred in Hamilton, last Thursday afternoon, at five o'clock. The ceremony was performed at the home of her mother, Mrs. James

Blount, at 632 Forest Avenue, the officiating minister being Rev. Craig W. Schwartz, pastor of the Lindenwald Christian church, of Hamilton. After a short bridal tour Mr. and Mrs. Morris returned to Hamilton, where they will continue their residence.

The bride is a charming and decidedly attractive young woman, of the brunette type, and during her residence in Paris made a large circle of friends who remember her for her vivacious manners and pleasing personality. About two years ago she was voted the winner of a personal popularity contest conducted in Paris under the auspices of a local fraternal order, distancing her nearest competitor by several thousand votes. During her residence here she was a popular employee of the Miss Holladay's candy establishment.

Mr. Morris is a son of Mr. and Mrs. Robert Morris, formerly of Paris, who are now residing in Terre Haute, Indiana, and a brother of Miss Robbie Morris, who is pleasantly remembered here. He has been connected with the Adams Express Co. in Hamilton, where he is highly regarded.

DEEMING—METEER.

The marriage of Miss Elizabeth Deeming, of Lexington, and Mr. Wm. Meter, of near Hutchison, was celebrated at noon Saturday at the home of the officiating minister, Rev. Richard Wilkerson, pastor of the church of the Good Shepherd, in Lexington. The wedding was a very quiet affair, only the immediate relatives and a few personal friends being present. After receiving congratulations Mr. and Mrs. Meter left for the home of the groom, on a fine farm owned by him near Hutchison.

The bride is a charming young English woman, who has made her home in Lexington for the past ten years. She is a popular trained nurse and a graduate of the Good Samaritan Hospital Training School at Lexington. Mr. Meter is a brother of Mr. Robert Meter, of the Hutchison vicinity and a prosperous and influential farmer.

Their many friends join in wishing them long years of happiness.

AID IN GOOD CAUSE.

Dr. W. L. Hezier, executive secretary of the Kentucky Board of Tuberculosis Commissioners, has arranged with the Vice-President Lee K. Frankel, for the Metropolitan Life Insurance Company to pay Kentucky nurses fifty cents a visit to tuberculosis victims, who are policy holders in the institution, which will add considerably to the resources of the local health leagues.
